

Red Dry Wine

Reserve Cabernet Imperial Vin

PRODUCTION AREA

Our winery is located in the south of Moldova, between the villages Plesheni and Haneseni, Cantemir district in the heart of Valul lui Traian wine region. Valul lui Traian is a region that has a warm climate with influences from the Black Sea and the specially protected forests "Codrii Tigheciului". This geographical location provides the exceptional conditions for ripening grapes.

GRAPE VARIETIES

Cabernet Sauvignon

WINEMAKING

The winery ensures a complete cycle of wine production:

- Collection and processing of own raw materials.
- The grapes are selected by hand.
- Controlled fermentation
- Quality control at physicochemical level in own laboratory

ALCOHOL BY VOLUME

14%

PROFILE

The wine has a rich red colour and a ruby tint. It differs with the predominant aroma of overripened currant, berries, spices and with the subsequent vanilla scent disclosure. The taste is rich, velvety, full of energy, harmoniously combines the notes of ripe cherries and soft tannins that turns into a long aftertaste.
